Your Steam Pocket Mop will fail to collect all of the water if the pad is already too wet. Simply replace the mop pad located at the base of the mop. Discard the previous mop pad. Please see our Mop Pad Replacement Guide for more information. Ensure that the mop pad is correctly attached to the Steam Pocket Mop. If the mop pad is not correctly attached, the mop may not collect all the water during cleaning. Simply re-attach the mop pad. Please see our Mop Pad Replacement Guide for more information. If the Steam Pocket Mop is set to "Scrub Mode" instead of the traditional mop or dust settings, your floors may take longer to dry after using. Change the settings from "Scrub Mode" to the "Dust Setting" by pressing the "ON/STANDBY" button once. To change to the setting, press the ON/STANDBY button twice. Here is a link to a helpful video: ... The hand-held steamer unit does not firmly attach to the main unit. Be sure that the base of the hand-held steamer is clean and properly aligned to the main unit. Put the base of the hand-held steamer unit into the main unit first, then align the top of the hand-held steamer unit with the top of the mopping unit. If you have problems inserting the hand-held steamer unit, this guide has a few tips. Clear the power cord and other objects from the mopping unit so that the hand-held steamer unit can be inserted properly. With regular daily use, there may be dust that clogs the lock button. Release the main unit, clean out any dust or debris that may have clogged the lock button, and re-assemble the main unit. If you have problems inserting the hand-held steamer unit, this guide has a few tips. After mopping, there are streaks or spots left on the floor. If streaks or spots appear after steaming, the mop pad may be dirty and need replaced. Simply replace the mop pad or flip the cloth to the opposite side. The Mop Pad Replacement Guide can walk you through this process. When cleaning areas prone to grease, such as the kitchen, grease may build up on the floors. Before using the Steam Pocket Mop, apply a cleaning agent such as multi-purpose cleaner or dish soap first before going through the area with the Steam Pocket Mop. If you washed the mop pad with powder detergent, the microfiber may be ruined and need to be replaced. When washing, put the mop pad into the washing machine with like fabrics. Wash the pad with a liquid detergent; do not use powder detergent, bleach, or fabric softeners. Our Mop Pad Replacement Guide can walk you through this process. Here is a link to a helpful video: ... Use distilled water rather than hard water for your Steam Pocket Mop. Hard water may leave streaks or spotting on the floor. The mop does not produce steam. Make sure that the Steam Pocket Mop is connected to power and plugged into a wall socket. Ensure that the socket is working properly. The SteamPocket Mop requires water in order to make steam. Check to see if there is water in the water tank. If there isn't, unscrew the water tank cap and use the filling flask to pour distilled water into the tank until it reaches the fill line. Replace the water tank cap and tighten. Power the device on, wait about 30 seconds for the water to heat up, and then try again. If you have problems with your water tank cap, please use this guide. The Steam Pocket Mop features multiple settings, so ensure the collar is on the "Steam and Spray" position. Also ensure the blue light is flashing, which indicates that the device is on. Calcium and other minerals may build up in the nozzle, so you may need to clean the nozzle in order to produce steam. To do this, either use the nozzle cleaner provided with the Steam Pocket Mop, or use a straightened-out paper clip. You will need to remove the Steam Pocket Mop head and locate the nozzle, and simply insert the cleaner or paperclip into the hole and insert it up and down a few times to unclog the buildup. The Shark Lift-Away Pro Steam Pocket Mop offers the ultimate in versatility and cleaning efficiency. Blast away tough stains, sanitize\* sealed hard floors, or convert to a portable handheld steamer for above-floor cleaning and garment steaming. \*Sanitization studies were conducted under controlled test conditions. Household conditions and results may vary. With the Intelli-Mop head only in HI mode. Not in above-floor mode or when using the Steam Blaster. Can be used for any job that requires a steamer Variable steam settings for different jobs and surfaces Very good cleaning performance, Hands-free cleaning pad changing, lots of attachments for various cleaning tasks Cannot stand on its own, needs support When it comes to cleaning your floors, you can't beat the benefits of a steam mop. Traditional mops leave floors wet, which can cause wood to warp over time. Steam, on the other hand, dries quickly without harming floors. Steam mops are also able to kill invisible bacteria, providing a healthier environment for your family. If you're in the market for a steam mop, you'll want to take a look at the models offered by SharkNinja. The company is well-known for its high-end home care products, and their line of steam mops is no exception. Review the Shark steam mop's construction to ensure it's a cinch to use and store. The Shark Steam Mop, White/Seafom comes with an extra-large water tank that's completely removable. Not only is it easy to refill the tank, but you'll also be able to clean for longer spurts before having to head back to the sink. In addition, the mop is lightweight and compact, so you won't have any trouble finding a space to keep it in between cleanings. Check how easy the Shark steam mop is to move around. For example, the Shark Steam Pocket Mop offers swivel steering. This allows you to slide the mop under dining room tables and chairs without any problem. The mop will also allow you to maneuver better, which means you'll be able to get in those hard-to-reach spaces. Consider one of Shark's steam mops that give you more control during the cleaning process. You'll find the Shark Genius Hard Floor Steam Mop has three intelligent steam control settings. A lighter steam is best for dusting, a medium steam for mopping and a heavy steam for scrubbing. The mop also utilizes washable double-sided dirt grip pads. The pads can be attached and released with the touch of a button, which means you never have to touch them with your hands. Go with a Shark steam mop that does more than just clean floors. The Shark Lift-Away Pro Steam Pocket Mop has a built-in handheld steamer that releases to clean everything from appliances to curtains to clothing. Always check the cord length when browsing Shark steam mops, as you want to make sure you purchase one that can reach all four corners of the room you need to clean. You don't need to use any cleaning products with the Shark steam mop, as the steam itself gets hot enough to sanitize your floors naturally. It's especially important that you never use bleach, powdered detergent or fabric softeners when cleaning your machine washable dirt grip pads. The company warns that these products may damage or leave a coating behind on the pads that diminishes their ability to clean your floors. Instead, wash the pads with a gentle liquid detergent. Set them in the dryer on the low heat setting or hang them out on a clothesline to dry. SharkNinja recommends washing the dirt grip pads before using them for the first time, as this will get rid of any loose lint or fibers that may have collected on the pad during packaging and transport. The Shark dirt grip pads should be replaced every two to three months, depending on how often they are used. Over the course of time, calcification and mineral deposits can build up in the steam mop's nozzle. All you need to remove these deposits is a straightened paper clip. Insert one end of the paperclip inside the nozzle and move it in and out and back and forth until you dislodge the deposits. You should only attempt this when the mop is nice and cool. If you misplace your Shark steam mop's user manual, you can visit the company's website to download and print out a new copy. You'll find there's a Shark steam mop in just about every price range. The Shark Steam Mop, White/Seafom and the Shark Steam Pocket Mop are the most affordable of the bunch. You'll pay a moderate price for the Shark Genius Hard Floor Steam Mop. The Shark Lift-Away Pro Steam Pocket Mop has the highest cost, as it comes with a built-in handheld steamer as well.
